

Registering with PlayMetrics Via Club Registration Link

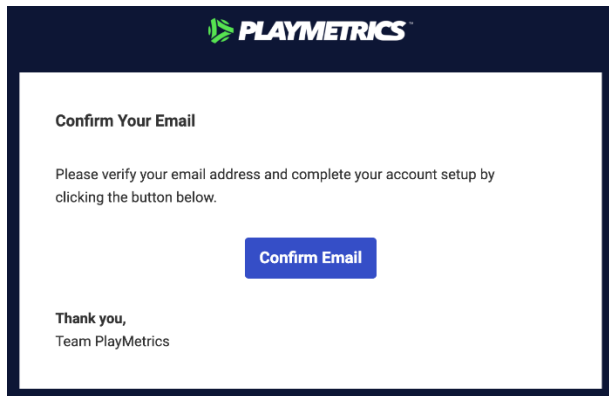

The steps below show how to create your PlayMetrics account through a registration URL provided by the Club.

1. Click or tap the registration URL link (or copy and paste it into your browser) and fill out the appropriate information. Enter the email address and password you would like to use for your account. Once you have done this, click or tap the "**Create Account**" button to create your account.

The screenshot shows the PlayMetrics registration interface. At the top, there is a dark blue header with the PlayMetrics logo (a green play button icon) and the text "Welcome PMFC". Below the header, the text "Let's setup your PlayMetrics account." is displayed. The registration form consists of two input fields: an email field containing "example@pmfc.com" and a password field with a masked password "*****" and a visibility toggle icon. Below the password field is a green progress bar and a "requirements" dropdown menu. A line of text states: "By signing up, you accept and agree to PlayMetrics' [Terms & Conditions](#) and [Privacy Policy](#)." Below this is a prominent blue "Create Account" button. At the bottom of the form, there is a section for existing users with the text "Already have a PlayMetrics account?" and a light blue "Login" button. Below the login button, there is a link for support: "Need Help? Email support@playmetrics.com or submit a support ticket in our [Help Center](#)." At the very bottom, there are two buttons for downloading the app: "Download on the App Store" and "GET IT ON Google Play".

2. Our system will send a verification email to the email address you entered for you to confirm your email address. The email will come from noreply@reg.playmetrics.com with the subject line "Verify Your PlayMetrics Account". Click the "**Confirm Email**" button to verify your email address and complete your account setup. After verifying your email address, you will be prompted to enter your contact information to complete your Parent or Guardian account.

3. Add your player information for each child you plan to register.
4. Based on the player information provided, you will be shown a list of programs available to each player.

For more information on how you register a player for a Club Program, visit [PlayMetrics Support Center](#)

If you are still having trouble registering, please contact support@playmetrics.com and provide the following information:

- The name of your Club
- Your name
- Your player's name (if applicable)
- Email address you supplied to the Club.
- The email App or Service you are using.
- Description of your issue.
- Phone number where we can reach you.
